Additional disclosure in relation to AIM Schedule 2 (g)

In 1995, a complaint was filed against Jeffrey Ploen by the National Association of Securities Dealers, "alleging violations of Article III, sections 1 and 19 of the rules of fair practice." The complaint stated that Ploen had guaranteed a public customer against loss in connection with the customer's purchase of stock, in violation of securities regulations. The records state that he was censured and fined USD 6,600.

About Iofina

Iofina specializes in the exploration and production of iodine, iodine specialty chemical derivatives, produced water and natural gas. Iofina's business strategy is to identify, develop, build, own and operate iodine extraction plants currently focused in North America based on Iofina's WET® IOsorb™ technology. Iofina has iodine production operations in the United States, specifically in Texas, California, Montana, Oklahoma and Wyoming. The Group has complete vertical integration from the production of iodine in the field to the manufacture of the chemical end products derived from iodine to the consumer and the recycling of iodine using iodinated side-streams from waste chemical processes in Europe, North America and Asia. The Group utilizes its portfolio of patented and patent pending technology, proprietary methods and trademarks throughout all business lines.
