

Iodine Plant Manager

Iofina Resources, an iodine producer with production facilities in western and northwestern Oklahoma in Kingfisher County, is seeking a full-time Iodine Plant Manager to join our team of dedicated personnel.

Responsible for the daily operation and activities related to iodine production and extraction, facilities and chemical management, procurement, site HS&E compliance, process flow control, and shipping/receiving. Manages all field personnel and field installation projects as directed. Manages the allocation of materials, manpower and equipment resources. Prepares and submits production, laboratory, maintenance and operating reports. Work closely with the Iodine Production Supervisor to maximize iodine extraction process and efficiency. Reports to Field Operations Supervisor and works on design and implement installation and modifications of the iodine collection and extraction process.

The right candidate must be willing to work alternate shifts, schedule, and/or hours to meet production needs.

You will need strong decision-making skills. Candidate must be able to show discretion and independent judgement. Must have strong attention to detail and to site safety and housekeeping. You must be highly organized and possess time management skills. Candidate must have strong interpersonal skills working in a team environment.

The physical demands of the job include using your hands to touch, handle, or feel objects, tools, or controls and reach with hands and arms. You will be frequently required to stand, walk, talk, or hear. Occasionally you will be required to sit, climb, balance, stoop, kneel, crouch, and crawl. Must be able to regularly lift and move up to 25 lbs and occasionally lift or move up to 100 pounds. Specific vision abilities are required by this job including close vision, distance vision, peripheral vision, depth perception, and the ability to focus.

Work environment description described is representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodation may be made to enable individuals with disabilities to perform the essential tasks.

Candidates should have a minimum of three (3) years of Chemical Manufacturing and or Oil and Gas Operations experience. Technical chemical and oil and gas experience preferred, along with supervisory experience. Strong computer skills are a must using Microsoft Office.

Iofina offers medical, dental, and vision coverage. Company paid Life, Short Term and Long-Term Disability. We offer a 401k program for employee contributions and a company match. The company does offer an accrued plan for PTO for all full-time employees.

If you believe you have what it takes to be part of the Iofina team, please submit resume and salary requirements to:
