

## Plant Engineer

Iofina is a technology-based company serving various industries with select specialty chemicals. Iofina Chemical values safety first and foremost, quality products and services, responsiveness to customers and each other and respect for all people and the environment. Iofina has a vision for the employees to expect an atmosphere that promotes empowerment, teamwork, high performance, innovation, speed, and accountability. Currently we are seeking a full-time Plant Engineer at our Covington, KY facility.

Responsible for proposing and executing new projects and providing technical support to the maintenance and production departments to make existing facility chemical processes safer, more reliable, more efficient, and profitable.

You will work with operators and production/quality/R&D staff to troubleshoot productivity and quality issues. Work with HSE staff to improve safety and regulatory compliance and work with mechanics and contractors to improve chemical processes for reliability and profitability.

Successful candidates will demonstrate strong technical ability, clear oral and written communication skills, and an eagerness to work independently and with a team on the factory floor to make improvements. The ideal candidate will have a strong attention to detail, and strong interpersonal skills at all levels of the organization. Good problem solving/analysis skills are important.

Physical demands include working in outside weather as needed, climbing stairwells and ladders, occasional wearing of respirator, and troubleshooting components on electrical panels.

Work environment description described is representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodation may be made to enable individuals with disabilities to perform the essential tasks.

Candidates should have a minimum of three (3) years' experience in engineering or a related field. Bachelor's degree in chemical engineering or mechanical engineering. Engineering co-op experience required, preferably in chemical industry. OSHA 40-

hour Hazwoper certificate, CAD experience, and PHA training certificate are preferred.

Iofina offers medical, dental, and vision coverage. Company paid Life, Short Term and Long-Term Disability. We offer a 401k program for employee contributions and a company match. The company does offer vacation time and PTO for all full-time employees.

If you believe you have what it takes to be part of the Iofina team, please submit resume and salary requirements to:
